**Appointment of Superintendent**
President Burton provided some background information regarding the superintendent search process – Former superintendent, Dr. Randy Liepa, accepted a position as Wayne County Superintendent; Michigan Leadership Institute (MLI) was hired by the Board as the search firm for a new superintendent; staff and community forums were held to obtain feedback regarding the superintendent position; the position was posted and applications accepted through the summer; four individuals were interviewed, resulting in one potential candidate.

The Board decided to repost the position in December or January to potentially have a larger pool of candidates. Towards the end of November, MLI asked the Board to be sure there were no internal candidates interested in the superintendent position. During the November study session, the Board asked Andrea Oquist (who was serving as Interim Superintendent) to reconsider taking the position on a permanent basis, and Mrs. Oquist agreed to do so. During their November Study Session, the Board agreed to vote at the December 12th regular meeting regarding the appointment of Mrs. Oquist as superintendent.

It was moved by Mrs. Laura and supported by Mrs. Bonifield that the Board of Education of the Livonia Public Schools School District
adopt the resolution to appoint Andrea Oquist as Superintendent of Schools.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education does hereby designate Andrea Oquist as its choice to become Superintendent of Schools, contingent upon the successful negotiation of an employment agreement. The effective date of the appointment is to be determined through the aforementioned negotiation process.

BE IT FURTHER RESOLVED, that the President of the Board of Education is hereby authorized to negotiate said employment agreement with Mrs. Oquist on behalf of the Livonia Public Schools’ Board of Education and to bring forward to the full Board of Education the complete employment agreement for final approval at the earliest possible time, thus ending the Superintendent search process.

Second Reading of Board Policy BD(1) – Formulation of Bylaws

It was moved by Mrs. Bonifield and supported by Mr. Johnson that the Board of Education of the Livonia Public Schools School District accept the recommendation of the Policy Committee and adopt Board Policy language for the following:
FORMULATION OF BYLAWS

The Board of Education defines "bylaw" as a rule or regulation for the purpose of governing internal operations of the Board and recognizes that many bylaws are mandatory through Michigan general school laws. Changes in bylaws that do not have this source of origin may be made by a vote of a majority of the Board members provided the following notification and review procedure is applied:

A Board member, the Superintendent, or other interested party requesting a review, change, deletion or adoption of a bylaw shall notify the Board president by submitting a written statement of the bylaw change at least seven days in advance of the meeting at which he/she wishes the bylaw to be considered. The president will schedule the request on the agenda, notify the superintendent, and have materials or information provided to Board members which may be of value in consideration of the proposed adjustment to Board bylaws.

Final written form of the proposed bylaw shall be determined by the Board. The Board will place a first reading of the proposed or amended bylaw on the agenda of a regular or special voting meeting. Consideration of the final written form of the bylaw will be placed on the agenda of a subsequent regular or special voting meeting. Bylaws so established shall have immediate effect. The formal adoption or deletion of bylaws shall be recorded in the minutes of the Board of Education.

FORMULATION OF POLICIES

The formulation and adoption of written policies shall constitute the basic method by which the Board of Education shall exercise its leadership in the operation of the Livonia Public Schools School District. The study and evaluation of reports concerning the execution of its written policies shall constitute the basic method by which the Board shall exercise its control over the operation of the school district.

A Board member, the Superintendent, or other interested party may propose changes to a current policy, recommend deletion of a policy, or propose a new policy. It is the desire of the Board that the policies reflect the thinking of the Board, the school administrators and its personnel, and the community. Policies may be amended, deleted, or revised by a majority vote of the Board.

The Board will place a first reading of the proposed, deleted or amended policy on the agenda of a regular or special voting meeting. Consideration of the final written form of the policy will be placed on the agenda of a subsequent regular or special voting meeting. The formal adoption of policies shall be recorded in the minutes of the Board of Education.

BOARD OPERATIONS
POLICY DEVELOPMENT SYSTEM
December 14, 2015

The Board of Education endorses for use in this district the policy development, codification, and dissemination system herein adopted.

This system is a general guideline for such tasks as policy research, the drafting of preliminary policy proposals, reviewing policy drafts with concerned groups, presenting new and revised policies to the Board for consideration and action, policy dissolution, policy dissemination, policy evaluation, and the maintenance of a continuous and easy-to-use policy manual.

System Maintenance
A member of the central office staff is to be delegated with the responsibility to maintain the Board's policy reference files, to draft policy proposals as instructed by the Board and/or superintendent, to maintain the Board policy manual, and to serve as liaison between the Board and the Michigan School Boards Association and other sources of policy research information.

Once a valid need for a specific policy is determined, the following general systematic procedures to evaluate the issue shall be followed:

1. The Board will define the issue to be covered by the policy, establish a time schedule, and direct the superintendent to make staff assignments for research.
2. When appropriate, the Board will suggest additional sources to be contacted. Documentation of this action will be in the Board minutes and published as a solicitation for information, so that the widest possible concerned public has a chance to respond.
3. If the Board does not feel that additional information is required, they may direct the superintendent to have a draft document developed after all constituent, political, legal, and economic implications are developed.
4. After data is collected, all constituent groups and existing policy will be considered before the superintendent is directed to have a draft document developed.
5. A check and review of legality will be conducted by the legal staff or attorney.
6. The Board will review the draft.
7. If necessary, the Board will identify groups from which additional information should be solicited and the mode of solicitation.
8. The Board will review the draft of the policy statement and make necessary revisions and then consider the final draft for adoption.
